

## **HERA INTERNATIONAL GRANTS COMPETITION Creating Opportunities for Young Women Entrepreneurs to Prevent Dangerous Migration 2019**

HERA, a charity headquartered in Paris and London, announces its **Seventh International Grants Competition** for women entrepreneurs from **Armenia, Georgia, Moldova and Ukraine**. Any woman entrepreneur from one of these countries is eligible to apply for funding in order to buy equipment or to support other capital development costs. The entrepreneur must demonstrate how her work will help to improve young women's employment in her region. Subject to funding, up to 30 grants averaging €700 (and ranging between €200 - €1200) will be offered across these four countries to selected women entrepreneurs according to one of the following three categories:

1. Established woman entrepreneurs willing to train and employ young women at risk of dangerous migration and exploitation;
2. Young women entrepreneurs (under 30 years of age) who have migrated, returned, and organized their own ventures;
3. Young women social entrepreneurs or leading NGOs innovating new approaches for increasing women's employment or entrepreneurship to prevent dangerous migration in their local communities.

If you are a woman entrepreneur and have a venture or innovation that fits one of the three categories above, please fill out the enclosed application form and apply to [hera.grants@gmail.com](mailto:hera.grants@gmail.com). Applications should be filled out in English. The application form is also available on HERA's website at [www.hera.international](http://www.hera.international).

This year, the HERA Competition closes at midnight on **Saturday, 15 June 2019**. A preliminary selection will be completed by 30 June. Onsite assessments and awards will be made from June through October 30. Successful applicants may also receive online mentoring, technical advice, and publicity for their ventures on the HERA website.
